| Buiding Type: | Residence |
| Solutions: | CI System Glass Element FP/FW |

A LAMILUX CI System Glass Element FP/FW was installed on a residential building in Hamburg. The element is located above the dining area and brings a lot of daylight into the building, making the room appear much brighter and friendlier.

The glass element has triple glazing and a top roof edge size of 120cm x 240cm. The glazing surfaces of this pyramid-shaped glass element.have an inclination of 30°.

For ventilation an additional chain drive was installed in the element.
