

TUV SUD certified quality

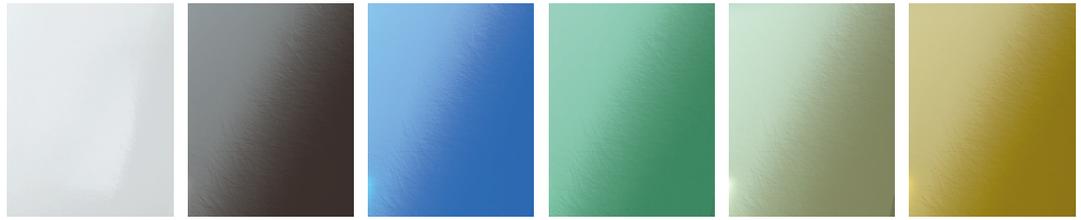

LAMILUX Façade Panel

INNOVATIVE FIBREGLASS SOLUTIONS

PRODUCT DESCRIPTION

Made of glass-fibre-reinforced composite, LAMILUX façade panels provide a visually stunning façade system in an extensive range of colours. Their extravagant style is combined with creative freedom, excellent resistance to vandalism, and suitability for backlighting. The product is highly suitable for rear-ventilated curtain wall façades, an increasingly popular construction element due to the increase in thermal insulation requirements.
